SolarSea Custom Blends

SolarSea® MultiTrace

Trace Mineral Blend (Purified Water, Natural Magnesium Complex, Potassium Chloride, Citric Acid, Sodium Borate, Zinc Sulfate, Manganese Gluconate, Copper Gluconate, Potassium Iodide, Chromic Chloride, Potassium Benzoate (Preservative), Sodium Selenate, Sodium Molybdate)

An all-natural liquid trace mineral complex with essential micro minerals, along with naturally occurring minerals and trace elements. This unique blend is highly absorbable and bioavailable.

SolarSea® MultiTrace AC

Trace Mineral Blend (Natural Magnesium Complex Powder, Potassium Chloride, Zinc Sulfate, Manganese Gluconate, Sodium Borate, Copper Gluconate, Chromium Picolinate, Potassium Iodide, Sodium Selenate, Sodium Molybdate)

A revolutionary powdered multimineral providing 100% of the Daily Value for seven essential microminerals in highly absorbable ionic form. This blend addresses common mineral deficiencies with a bioavailable solution that mirrors human blood composition, setting it apart in the health market.

SolarSea® Magnesium Oil

Natural Magnesium Complex

Magnesium Oil from MRI is a premium topical magnesium chloride product that supports skin health and its microbiome.

SolarSea® Selenium

Selenium Mineral Blend (Purified Water, Natural Magnesium Complex, Citric Acid, Potassium Benzoate (Preservative), Sodium Selenate)

Supporting cellular protection and heart health, SolarSea Selenium helps shield cells and DNA from damage. It is high in magnesium and includes naturally occurring minerals and trace elements.

SolarSea Custom Blends

SolarSea® Boron

Boron Mineral Blend (Purified Water, Natural Magnesium Complex, Citric Acid, Sodium Borate & less than 0.1% Potassium Benzoate (Preservative))

MRI's boron is present in the ionic form, making it highly absorbable and its full benefits easily utilizable by the body. This boron blend is also high in magnesium.

SolarSea® Chromium

Chromium Mineral Blend (Purified Water, Natural Magnesium Complex, Citric Acid, Chromic Chloride & less than 0.1% Potassium Benzoate (Preservative))

A harmonious blend of nature and scientific innovation, SolarSea Chromium delivers optimal levels of highly absorbable ionic chromium, maximizing its benefits for the body. This blend is also high in magnesium.

SolarSea® Zinc & Copper

Zinc & Copper Mineral Blend (Purified Water, Natural Magnesium Complex, Zinc Sulfate, Copper Gluconate & less than 0.1% Potassium Benzoate (Preservative))

This Zinc and Copper blend is perfectly balanced to prevent copper deficiency from zinc supplementation. It is also high in magnesium and includes naturally occurring minerals and trace elements.

SolarSea® Zinc

Zinc Mineral Blend (Purified Water, Natural Magnesium Complex, Zinc Sulfate, Citric Acid, & less than 0.1% Potassium Benzoate (Preservative))

Packed with highly bioavailable ionic zinc, this Zinc Complex is a unique seawater concentrate from the Great Salt Lake. SolarSea Zinc offers superior absorption compared to conventional zinc lozenges and other products.

IONIC & SOLUBLE · NON GMO · GLUTEN FREE · CHOLESTEROL FREE · MADE IN USA · CALORIES 0 SUGARS · NOTHING ARTIFICIAL · LOW SODIUM

Suitable for Kosher, Halal, Keto, and Paleo diets.

FOOD SAFETY HACCP CERTIFIED Hazard Analysis Critical Control Point

Ionic magnesium, electrolytes, and trace minerals from the Great Salt Lake for over 50 years

Mineral Resources International, Inc.®

SolarSea High Magnesium/Low Sodium

SolarSea® 110

Natural Magnesium Complex

A marriage of nature and science, SolarSea 110 offers the highest ionic magnesium with the lowest sodium. This all-natural mineral and trace-element complex is created through a two-year solar-evaporation process, delivering MRI's richest magnesium concentrate.

SolarSea® 100

Natural Magnesium Complex

A low-sodium, all-natural, pure mineral, and trace element concentrate. Its magnesium level compares to popular health food store brands. This is a superior supplement-grade liquid at a more affordable price.

SolarSea® 87

Natural Magnesium Complex

An all-natural, low-sodium sea mineral complex, more concentrated than other mineral ingredients and offered at exceptional value. It contains naturally occurring elements in balance, reflecting the similarity between sea sources and human fluids.

SolarSea® AC

Natural Magnesium Complex Powder

A high-potency standardized natural mineral and trace mineral complex, SolarSea AC is a fine, additive-free powder. This pure mineral blend is highly hygroscopic and deliquescent, offering ideal mineral ratios while supporting a low-sodium claim.

SolarSea High Sodium/Low Magnesium

SolarSea® Inland Sea Water

Inland Sea Water

An all-natural, standardized whole sea salt with a concentrated balance of sodium, potassium, and magnesium, as found in seawater. SolarSea Inland Sea Water offers the highest sodium content in MRI's ingredient portfolio and includes naturally occurring minerals and trace elements. Its balanced composition enhances flavor, enabling reduced sodium in food products without compromising taste.

SolarSea Electrolytes

SolarSea® Whole-Sea Salts

Whole-Sea Salts

An all-natural, clean-label, single-ingredient, whole-food balanced electrolyte powder with gourmet salt flavor. This 100% soluble sea salt provides a balanced mineral profile of sodium, chloride, potassium, and magnesium. It offers a good source of magnesium and a unique combination of electrolytes in one ingredient.

SolarSea® Sport AC

Electrolyte Blend (Whole-Sea Salts, Potassium Chloride, Natural Magnesium Complex Powder)

An innovative, standardized electrolyte powder for sports drinks. Contains four major electrolytes: magnesium, potassium, sodium, and chloride for hydration, performance and recovery without sugar.

SolarSea® Sport

Electrolyte Blend (Inland Sea Water, Purified Water, Natural Magnesium Complex, Potassium Chloride)

An innovative, standardized electrolyte concentrate for sports drinks. It contains four major electrolytes: magnesium, potassium, sodium and chloride for hydration, performance, and recovery without sugar. It has been clinically shown to hydrate better than water alone. *

SolarSea for Food Application

SolarSea® FortiFlavor

Natural Magnesium Complex

A superior ingredient that allows food manufacturers to reduce sodium while maintaining full flavor. It also delivers superior value as a proprietary ingredient that increases nutritional content.

MRI's Mission:

"To improve global well-being through mineral nutrition"
